

FOR IMMEDIATE RELEASE

University Center Launches New Website

SIOUX FALLS, SD – July 7, 2008 – University Center announces the launch of their new website to serve the needs of students and the community. The new site can be found at www.SDUniversityCenter.org

“We are very excited to bring this new tool to the community” said Sharon Sopko, Director of Academic Coordination and Student Services. “This is one more step we can take to improve the services we offer our students and provide them with easy access to the information they need.”

Students currently enrolled through a partner University can use the website to check course schedules and review program offerings. They can also find information on financial aid, tutoring options and advising. Community members and future students visiting the site will be able to take a virtual tour and learn more about programs offered at University Center by each of the five partner Universities.

About University Center

South Dakota Public Universities & Research Center, or University Center, provides the greater Sioux Falls community with convenient local access to public higher education programs from in-state partner Universities. University Center offers programs from the University of South Dakota, South Dakota State University, Dakota State University, Northern State University and Black Hills State University. At University Center the focus is on the adult learner and academic programs and courses that foster and support the economic development of the Sioux Falls area. Over the course of a year 3,500 students take classes at University Center and the campus is home to more than 60 degree programs.
