

SOUTH DAKOTA BOARD OF REGENTS

Policy Manual

SUBJECT: Articulation of General Education Courses: South Dakota Technical Institutes without a Memorandum of Agreement with the Board of Regents

NUMBER: 2:25

1. Criteria

- A. Articulation of General Education courses will be a Regental system to technical institute process.
- B. Articulation will include the General Education courses designated as the System General Education Requirements for the Regental institutions.
- C. General Education courses may be articulated as acceptable for transfer to all Regental institutions for lower division credit. No courses numbered 099 or lower, including remedial and non-degree credit courses, will be articulated.
- D. Technical institute instructors teaching general education courses articulated with the Regental institutions must meet the criteria specified below. Prior to each semester, the technical institutes will provide the Board Office with the names, vitae, and graduate transcripts of not previously approved faculty teaching the articulated courses, and the faculty must be approved by the Board Office prior to the course being taught. The Board Office will provide the Department of Education and Cultural Affairs with the list of approved faculty.
 1. Technical institute faculty have **either** a master's degree in the subject/discipline being taught **or** any master's degree typically with 18 graduate hours in the subject/discipline being taught.
 2. Faculty who do not meet the criterion above must be actively pursuing courses of study that will lead to these degrees within three to five years.
 3. If a university specialized accrediting agency establishes standards for faculty credentials, those standards will be followed.
 4. Emergency short-term exceptions will be accepted.
- E. Once a course is approved for Regental system to technical institute articulation, the courses offered in the postsecondary technical institute system will be numbered to conform to the common course numbering model of the Board of Regents System. Common numbering and titles will facilitate the transfer process.

2. Process

- A. Requests for articulation by the postsecondary technical institutes will be forwarded to the System Chief Academic Officer in the Office of the Executive Director of the Board of Regents for action by the Academic Affairs Council. The course requests will include the following material from the immediately preceding semester: a copy of the syllabus (including detail of course content), tests indicating the skill level students are required to meet, evaluation and grading procedures, and a list of all faculty who teach the course and copies of their vitae and transcripts.
- B. The System Chief Academic Officer will refer articulation proposals to the Academic Affairs Council or designee.
- C. Once a course is articulated, it is the responsibility of each party to submit a new proposal when any aspect of the course is changed, including number, content, outcomes, faculty, etc.

3. Transfer

- A. Transfer of courses from South Dakota postsecondary technical institutes is governed by Board policies 2:5, 2:25, 2:26, 2:27, 2:28, and 2:31.
- B. High school dual credit courses offered or accepted by technical institutes must be validated by AP or CLEP examinations before being accepted in transfer to Regental institutions. The Regental system has established the minimum scores on each AP and CLEP examination necessary to receive credit.

4. Associate Degrees

- A. The Associate of Applied Science degree is a non-transferable degree. General education coursework for such degrees may be transferable only when a specific program to program articulation agreement exists.

ARTICULATION WITH SOUTH DAKOTA TECHNICAL INSTITUTES

Academic Course Transfer

Students from WDTI, LATI, STI, and MTI:

<u>Time period in which student completed course</u>	<u>Academic course transfer</u>
1. Completed course(s) prior to July 1, 1999	Credit by validation (exam, portfolio, etc.) only, unless included as part of an approved articulation agreement. No course equivalency review
2. Completed course(s) between 7/1/99 – 6/30-05	If on approved general education list, will receive credit. If not on approved general education list, credit by validation No course equivalency review
3. Completed course(s) 7/1/05 and subsequent years	General Education courses offered by regental institutions designated with “t” No course equivalency review Credit by validation (exam, portfolio, etc.) for courses not designated with a “t”.

Note: On a technical institute transcript, if a CR grade is recorded for ENGL 101 and MATH 102 the course does not transfer.

Technical Course Transfer (Program-to-Program)

Students from LATI, STI, MTI and WTI

1. Completed technical school program prior to 2000

Technical course transfer

Technical courses part of approved articulation agreements only, including:

- a) Applied Technical Science (BATS)
- b) Allied Health track in Health Promotion
- c) Dental Hygiene and Nursing programs

No technical course-by-course equivalency review.

2. Completed technical school degree program 2000 and subsequent years

Technical degree program transfer

University program to technical degree program transfer. BATS and Allied Health track continue

No technical course-by-course equivalency review.
